Mr. C. L. Edwards, Executive Director  
United States Civil Service Commission  
Washington 25, D. C.

Dear Mr. Edwards:

I understand you wish to be informed on our position in regard to Senate Resolution 19, introduced by Senator Carlson, and which would direct the Civil Service Commission to furnish the Senate with full information on all Federal Government employees.

LEG 25X1

We believe, therefore, that the Congress will want to continue the protection of this information and that this Agency should be specifically exempted from any such requirement as that set forth in proposed Senate Resolution 19.

Sincerely,

S/
